"RECsoprano is a soprano recorder plugin instrument, adding envelope control, a selection of tunning and polyphonic voices." Polyphonic: "Recorder is polyphonic, each voice can play independantly and shared-ly." Soprano: "The soprano recorder is like a 32 keys soprano guitar, 4 voices (4 octaves), and 4 legs (4 channels). More detail in the image. Each leg can be muted independently." ---------------------- Description: ------------- www.cjss.it The Recorder is most important instrument to play in order to be proficient on basic ensemble skills, as well as to improve ability on the xylophone. The Recorder can be divided into three main zones: - The lower register which makes use of the block the mouth to produce notes with different tones (bass and treble tones) that are easily played. - The high register which takes place from the area of the third finger on the trombone, where the notes are played with the free hand and not with a lever. - The middle register which is part of the medium-high register area,

which is played by the fifth finger. Junkbox TSS Player is the most advanced instrument ever built from the Junkbox family. After three years of work and hundreds of Euros this instrument is ready to help musicians and composers that can not find the ideal solution for their projects. Junkbox TSS Player is a real-time sound sampler based on technology of complex algorithms and years of knowledge, that does not require the use of a computer and the management of complex data formats. Many samples are available at every time: from the low notes to the high, from the piano to the orchestral, from electronic sources to saxophones, guitars and vocal. The TSS Player software has a strong and

optimized engine, and runs on all the computers where the Windows operating system is installed: Windows XP, Vista, 7, 8, 8.1, 10. Prelude & Allegro is the distinctive and elegant way to accompany the wonderful and melodic strains of the piano and violin. You can choose between the following timbres and octaves, for example: * FM - finger-melody * FM - note-melody (strum) * percussion - notated-percussion * or several chords (requiring a higher level of skills). Prelude & Allegro is composed of three parts: 1. Prelude (from 0.3 to 0.4) 2. Allegro (from 0.5 to 1) 3. Postlude (from 1 to 1.1) Prelude & Allegro comes with many tunings, at different tempi and in different keys. All the tuning options can

be saved, and you can easily switch between tunings and keys as many times

System Requirements:

Minimum: OS: Windows 7 or later Processor: Intel Core i3 or later Memory: 4 GB RAM Graphics: Intel HD 4000 or AMD HD 5000 or later DirectX: Version 11 Storage: 500 MB available space Network: Broadband Internet connection Recommended: OS: Windows 8 or later Processor: Intel Core i5 or later Memory: 8 GB RAM Graphics: Intel HD 5000 or AMD HD 6000 or later
